

**BENCHMARK**

**Cal—OSHA Class III Asbestos  
Competent Worker  
Get Trained & Certified in TWO days  
\$299 RHA Member  
\$399 Non Member**

If your building was built prior to 1981, it is presumed by regulators to be constructed with asbestos-containing materials. Newer construction after 1981 may also include some building materials containing asbestos. Cal-OSHA Asbestos Construction Standard 8 CCR 1529(k)(9)(E) mandates training for Class III Competent Worker which shall include “hands on” training and consist of at least 16 hours. Upon completion of this course, the Class III Competent Worker may safely perform maintenance operations that may likely disturb asbestos, and is capable of identifying existing asbestos hazards in the workplace.

**Day One: Tuesday, February 15<sup>th</sup>  
Day Two: Wednesday, February 16<sup>th</sup>**

**Location: 1264 A Street. Hayward 94544
